

Commercial Mowing

Seasonal Weekly Mowing:

- ☞ All turf areas will be mowed on a weekly basis during the growing season (weather permitting)
- ☞ All obstacles and concrete to grass points will be string trimmed
- ☞ Ground litter will be picked up prior to mowing
- ☞ Grass clippings will be blown from all sidewalks and curb areas to maintain a neat appearance

The pattern of the cut will be changed as needed to ensure a professional look and limit the compaction to the lawn area.

Commercial Maintenance

Landscape Maintenance:

- ☞ Tree Trimming
- ☞ Shrub Trimming
- ☞ Mulch Installation
- ☞ Bed Maintenance/Weed Control
- ☞ 6 Step Turf Care Program
- ☞ Turf Renovation
- ☞ Irrigation Troubleshooting and Repair
- ☞ Irrigation Start-up and Shut-down

We Take Care of You:

We offer custom landscape maintenance packages for commercial properties large and small, including: weekly mowing, mulching, shrub pruning, annual color, irrigation service, leaf clean up, fertilization, bedding maintenance and snow removal. Billing for these service can be "as rendered" or broken into 12 monthly invoices. Please call for more detailed information.

Commercial Snow Removal

Snow Removal:

H & R Lawn and Landscape is fully insured and provides 24 hour snow removal services for the Kansas City area. H & R understands the liabilities that dangerous winter weather presents and that our customers must ensure that employees and customers can enter and exit safely. We will make sure all sidewalks, driveways, access roads, parking lots and other areas desired by the customer are reasonably free of snow and/or ice accumulation.

Managing the Storm:

H & R will aggressively manage every winter storm by salting parking lots prior to ice accumulation and adding ice melt to sidewalks. H & R has the professional snow removal equipment to remove any amount of snow that may fall during the winter.
